OVERVIEW
This year’s B.E.S.T. conference will focus on the quest for a personalized approach in bariatric and metabolic surgery. From indications to outcomes, we will be defining the role for primary, revisional procedures, and emerging technologies. The specialty of bariatric surgery is increasingly challenging both in the area of expertise and in managing outcomes and complications. Additionally, obesity as a chronic disease provides many areas of both advancement and discussion.

TARGET AUDIENCE
Physicians, nurses, trainees and allied health clinicians involved in the treatment of obesity and metabolic disease.

OBJECTIVES
By attending this activity, participants will be able to:

• Define an algorithm for the management of GERD and the preoperative evaluation for patients with potential risk for post-op GERD.
• Identify the appropriate applications of robotic, computer-assisted technology in bariatric surgery.
• Define and clarify the current role of new emerging technologies.

ACCREDITATION
In support of improving patient care, Ciné-Med is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

PHYSICIANS
Ciné-Med designates this live activity for a maximum of 13.75 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

NURSES
This activity provides 13.75 contact hours for nurses.

Richmond, VA
OVERVIEW

This year’s B.E.S.T. conference will focus on the quest for a personalized approach in bariatric and metabolic surgery. From indications to outcomes, we will be defining the role for primary, revisional procedures, and emerging technologies. The specialty of bariatric surgery is increasingly challenging both in the area of expertise and in managing outcomes and complications. Additionally, obesity as a chronic disease provides many areas of both advancement and discussion.

TARGET AUDIENCE

Physicians, nurses, trainers and allied health clinicians involved in the treatment of obesity and metabolic disease.

OBJECTIVES

By attending this activity, participants will be able to:

• Define an algorithm for the management of GERD and the preoperative evaluation for patients with potential risk for post-op GERD.
• Identify the appropriate applications of robotic, computer-assisted technology in bariatric surgery.
• Define and clarify the current state of knowledge regarding single anastomosis procedures.

ACCREDITATION

In support of improving patient care, Cine-Med is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

PHYSICIANS

Cine-Med designates this live activity for a maximum of 13.75 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

NURSES

This activity provides 13.75 contact hours for nurses.

OVERVIEW
This year’s B.E.S.T. conference will focus on the quest for a personalized approach in bariatric and metabolic surgery. From indications to outcomes, we will be defining the role for primary, revisional procedures, and emerging technologies. The specialty of bariatric surgery is increasingly challenging both in the area of expertise and in managing outcomes and complications. Additionally, obesity as a chronic disease provides many areas of both advancement and discussion.

TARGET AUDIENCE
Physicians, nurses, trainers and allied health clinicians involved in the treatment of obesity and metabolic disease.

OBJECTIVES
By attending this activity, participants will be able to:
- Define an algorithm for the management of GERD and determine the anatomy and physiology of the small bowel and its implications for bariatric surgery
- Explain how to evaluate patients with recidivism and identify select strategies for revisional surgery
- Define and clarify the current roles of bariatric surgery
- Identify appropriate indications for bariatric surgery

ACCREDITATION
In support of improving patient care, Ciné-Med is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.
